## SUDESTADA JAKARTA WINS F&B CATEGORY BCI ASIA INTERIOR DESIGN AWARDS 2020

This year, Sudestada Jakarta wins BCI Asia Interior Design Awards (IDA) 2020 for the Food & Beverage Category. In its fourth year, BCI IDA 2020 returns to find potential interior designs across Asia. The awards encompass seven categories of competition including Residential, Institutions, Offices, Retail, Food & Beverage, Hotels and Recreational.

Designed by Genius Loci Studio (Singapore), Sudestada Jakarta is inspired by the La Boca district in Buenos Aires. La Boca is a working-class area with a cluster of attractions near the Riachuelo River. Steakhouses and street artists surround Caminito, a narrow alley flanked by brightly painted zinc shacks that evoke the district's early immigrant days. Sudestada serves savoury Latin Argentinian cuisine in the heart of Jakarta. Through well-thought interior and authentic décor within the spacious indoor and outdoor area, the owners and designers wanted to give patrons the feel of being transported to Buenos Aires when they entered Sudestada.
