

# THE PREFINITE PAPER

#10 LIVE WITH GRATITUDE, 1 OCTOBER 2020

*Hello!*

Welcome back to The Prefinite Paper!

I am a firm believer that living with a sense of gratitude gives us a positive attitude as we traverse everyday life. It is important that we be aware of the blessings we have received throughout this year, and not just dwell on the negatives. No matter how big or small, each blessing is worthy of being grateful for.

This is also an exciting month from our friends in the culinary industry — FoodieS has launched Best Eats Cares, an initiative to support the F&B industry during these tough times. Don't miss out on the sweet treats from Mandarin Oriental Hotel, Jakarta, and Sudestada as well! If you're on-the-lookout for a fresh start in a new home — The Loggia by Farpoint has just launched their White Label Units with an exciting Design-It-Yourself concept. For a refresher, partake on Oily Essentials's Wellness Summit where you can share with the community of holistic lifestyle enthusiasts.

Stay safe and healthy!

## FOODIES LAUNCHES BEST EATS CARES

FoodieS is pleased to announce the launch of Best Eats Cares, a platform to support, inspire and encourage the food & beverage and hospitality ecosystem. Best Eats Cares has evolved from Jakarta's Best Eats and Bali's Best Eats — which for the past two years have named the best restaurants in Jakarta and Bali. This year, in support of the F&B industry, which has collided with the Covid-19 pandemic, Best Eats Cares has initiated a search for two deserving restaurants, one each from Jakarta and Bali.

Interested restaurants are required to submit a 60-second video showcasing their restaurant, the comfort food they want to serve, their team and creative concept and why they should be chosen for this food order. The two chosen restaurants will each be awarded a food order amounting to IDR 150 million. It is envisioned that these food orders not only help the winning restaurant but would also create a ripple effect — reaching countless others.

The food made by these winning restaurants will then be donated to hospital front liners, health workers, and communities in great need. Best Eats Cares has partnered with non-governmental organizations namely Foodbank Of Indonesia, Universitas Indonesia - Student Union of International Class Alumni (STUNICA) and Crisis Kitchen Bali to distribute these food orders.
