## Press Release

*For Immediate Release*

### **KYRO Introduces a New Era of Contemporary Dining and Lounge Culture in Jakarta**

*A vibrant sanctuary where design, flavor, and nightlife converge.*

**Jakarta, 11 November 2025** — Where sophistication meets soulful energy, **KYRO** emerges as a contemporary dining and lounge destination that celebrates the union of culture, cuisine, comfort, and entertainment. Located at Pacific Place Mall in the heart of the Sudirman Central Business District (SCBD), South Jakarta, this new establishment reimagines modern dining and nightlife through expressive global flavors, architectural beauty, and curated live performances, creating a sanctuary for those who seek connection and creativity.

KYRO redefines Jakarta's dining and nightlife scene through a seamless harmony of global cuisine, crafted cocktails, and immersive ambiance. Designed as a day-to-night destination, it transitions effortlessly from refined lunch settings to lively evenings alive with rhythm and conversation. Every detail, from the menu and lighting to the music and mood, has been thoughtfully composed to engage the senses and evoke the understated elegance of modern luxury.

KYRO's interiors embody a modern glasshouse aesthetic that finds harmony between structure and intimacy. Layers of steel, glass, and warm-toned wood evoke transparency and depth, while soft curves, sculptural details, and ambient lighting create a space that feels fluid yet grounded. The centerpiece – a cylindrical wine

display – anchors the room as a quiet symbol of craftsmanship and sophistication, encapsulating KYRO's refined yet welcoming spirit.

The name KYRO draws inspiration from the founder's firstborn, Cairo, symbolizing new beginnings, warmth, and human connection. Guided by the philosophy *"a space for the curious – where connection, design, and flavor intertwine,"* KYRO embodies a lifestyle that values creativity, authenticity, and shared experience.

"With KYRO, we wanted to create more than just a restaurant; it's a space where people can feel inspired, connected, and alive," said **Alexa Savitri, Founder of KYRO Jakarta**. "Every element, from the design to the music and flavors, is crafted to evoke emotion and celebrate the beauty of shared moments."

## **A Culinary Dialogue of Cultures**

At the heart of KYRO's experience is a culinary program led by **Chef Rifa Munawar**, who brings a modern interpretation of Asian-inspired flavors refined through Western techniques. His approach celebrates balance, precision, and emotion, transforming familiar ingredients into bold, contemporary compositions.

Signature dishes include the 48-hour Short Ribs Kalio, a Padang-inspired slow-cooked masterpiece that marries depth with tenderness; the Fish on The Grill, with the uniqueness that the type of fish served is not always the same at a certain time because the fish are taken directly from the fishermen's catch; and the Rahang Tuna Woku, delicately seared and artfully plated. Complementing the cuisine, KYRO's beverage program presents an array of inventive cocktails and a curated wine list that evolves with the seasons, offering pairings designed to elevate each dining experience.

## **When Dining Finds Its Rhythm**

As the sun sets, KYRO transforms into a vibrant social destination where sound, flavor, and rhythm converge. From Monday to Tuesday, resident DJs set an intimate mood from 10 p.m. to midnight, while from Wednesday to Sunday, live bands perform from 9:30 p.m., followed by DJ sets that carry the energy until 2 a.m. Each evening offers a renewed sense of discovery where dining, music, and movement flow together in effortless harmony.

Special event nights and guest performances further enhance KYRO's dynamic character, ensuring that no two nights ever feel the same.

## **Spaces That Invite Connection**

Spanning 759 square meters and accommodating up to 158 guests, KYRO offers distinct zones including a main dining area, lounge, and glasshouse, as well as three private rooms designed for intimacy and exclusivity: Emerald Room (16 guests), Ruby Room (8 guests), and Sapphire Room (8 guests).

Each private room is equipped with modern amenities, including a television and private restroom, making them ideal for business gatherings, private dinners, or personal celebrations. Every event can be tailored with bespoke menus and curated experiences, ensuring each moment feels uniquely personal.

Looking ahead, KYRO will introduce a series of experiential programs from wine-pairing dinners and guest chef collaborations to music-driven events, cementing its role as a culinary and nightlife landmark, where people come together through the shared languages of taste, sound, and design.

—END—

## **About KYRO**

KYRO is a contemporary dining and lounge destination where culture, cuisine, comfort, and entertainment converge. Located in Pacific Place Mall within Jakarta's SCBD, KYRO redefines modern dining through expressive global flavors, architectural beauty, and curated live performances, creating a vibrant sanctuary where sophistication meets soulful energy.
